Legend to Annex

- 2 -  
1Swinemünde HarborLegend:A. Soviet Installations.I. Blocked Area I

- 1 East mole
- 1a 2 x 35 mm AA guns and WOP observation post
- 1b AA gun of approximately 50 mm
- 1c Signal station
- 1d Searchlight platform
- 2 Barracks installation
- 3a Battery, probably 3 x 150-mm guns with searchlight
- 3 b Battery of 4 x 105 to 150 mm guns
- 3c AA gun emplacements
- 3d concrete platform (AAA emplacement ?)

Note: An additional number of at least 3 searchlights and 3 or 4 radar sets on wooden substructures are in existence.

- 5 Subterranean hydrophone station with microphone cables loading toward the sea
- 6 Jetty under construction, dolphins and wooden sheet piling, approximately 400 meters long
- 7 Pilot station and lighthouse with observation stand and guards
- 7a Headquarters building for floating units
- 8 Antenna mast (radiobeacon)
- 9 Osternothafen, a wooden pier of approximately 300 meters, serving as speedboat and, occasionally, as coastal minesweeping boat berth
- 10 AA guns of unidentified caliber
- 11 Torpedo depot
- 12 Administrative building for vessels berthed in the harbor
- 13 "Destroyer area", a 900-meter concrete pier with water conduits and long-distance heating lines, berth for minesweeping boats, submarine chasers and, occasionally, destroyers and submarines
- 14 Fort Starckenhorst, quarters; allegedly also food and ammunition depot; near the fort a power plant for harbor installations and ships and former German distillation plant for boiler feed water with two boilers and 2 oil bunkers in operation; pinpoint location unknown.
- 15 Food ration supply depot
- 16 Quarters, offices and athletic field
- 17 Navy school in temporary wooden buildings
- 18 Fitting-out plant consisting of workshop, small iron-casting house and copper smith's shop, oil depot and coal dump
- 19 Ostwerhafen, berth for vessels earmarked for repair and target harbor
- 19a Slanting concrete ramp; pinpoint location unknown.

Legend to Annex

-X-  
2II. Blocked Area II

- 26 New approximately 300-meter long pier built in 1953; berth for Soviet naval vessels
- 26a Joachimsthal
- 27 Shipyard harbor with a quay of approximately 1,000 meters
- 28 Shipyard with shops for the repair of small ships including special machines and motors, 2 floating cranes of 10 and 20 tons respectively, small slip, turnery, locksmith's shop, force, foundry, electric workshop, carpenter shop with boat-construction facilities, engine and machine spare part depot; workforce: approximately 120 men.
- 28a Old lighthouse
- 29 Former German ordnance office, probably still serving as ordnance office except for those parts used for shipyard purposes.
- 30 600-meter Kaiserbollwerk (bulwark); berth for Soviet vehicles and, according to an unconfirmed report, occasionally used as coal storing site which is equipped with three claw cranes
- 31 Old Engelsburg citadel
- 31a Ammunition depot
- 31b Shifted border of the blocked area (?)
- 32 Radar set
- 33a to Gun emplacements of approximately 150 mm caliber except for gun 33c which appeared heavier, with some of the guns allegedly emplaced in turrets.
- 33c
- 33d Radio station (artillery ?)
- 33e AAA battery with guns of approximately 75 mm caliber with searchlight and radar
- 34 Radar on a 4-meter high concrete base
- 34a Radar on lattice mast
- 35 Searchlight
- 36 Former German coast artillery school, partially destroyed
- 37 Quarters
- 38 Signal stations
- 39 Barbed-wire entanglement; western extension possibly as far as Blocked Area III.

III. Blocked Area III (surrounded by a 2.5-m board fence)

- 46 Entrances with turnpike controlled by guards
- 46a Fence under construction
- 47 Headquarters for Blocked Area III
- 48 Administration and officers' club in the former Walfisch Hotel
- 49 Quarters
- 50 Naval detention barracks in the former Concordia House
- 51 Headquarters in the former Duenenschloss Haus
- 52 Radio station
- 53 Officers' school building in the former "Haus An der Waterkant"
- 54 Depot
- 55 MVD building and Soviet military court
- 56 Officers' club in the former Ossig Bodega House
- 57 Post headquarters

IV. Harbor

- 63 Torpedo and mine depot in the former German mining depot
- 64 Oil Pier, a wooden jetty belonging to the torpedo and mine depot
- 64a Loading pier situated approximately 1,000 meters south of the Oil Pier at the Mellin Fahrt and belonging to the torpedo and mine depot; sheet piling with concrete, approximately 100 m long, depth of water 10 meters, 2 serviceable luffing gantry cranes, several small sunk-in boilers and 2 large storage buildings.  
Note on 63 to 64a: In the rear area, numerous bunkers and subterranean depots connected by a rail system; the whole terrain was surrounded by a wall and, partially, by a high board fence, and was guarded by military patrols.
- 65 Compensating installation between Klein-Mellin and Lognitzerort
- 66 Storage building in the former Ruettgers Plant
- 67 Harbor basin of the former naval airbase
- 68 Ship and engine spare part depot in the former naval airbase hangars
- 69 Fuel depot consisting of 6 to 8 former German fuel tanks which are interconnected by subterranean pipe lines; three overground lines lead to moles which serve as jetties.
- 70 Barracks installation
- 71 Diving and salvage work workshops of which are located at the northern side of the harbor basin
- 76 Eichstaden terrain, partly in Polish hands
- 77 Ship berth places
- 78 Power plant, not in operation
- 79 Serviceable above-ground former German bunker, approximately 8 meters high
- 80 Mobile AAA battery of 4 x 75-mm guns and solid quarters
- 81 Demagnetization plant for ships; pinpoint location unknown

V. Town

- 84 Food ration supply depot and quarters
- 85 Donkiet, House of Soviet Fleet in the former Preussenhof Hotel and harbor komendatura
- 86 Officers' club
- 87 Food ration supply depot
- 88 Motor vehicle spare part depot
- 89 Motor pool and quarters
- 90 Naval hospital in the former municipal hospital
- 91 Radar station in the building of the former marine meteorological station
- 92 Prison
- 93 Slaughterhouse under joint control of Soviets and Poles
- 94a Barracks installation in former German Navy installations, under Soviet (94a) and Polish (94b) administration, separated by barbed-wire fence. The Soviet part included the entrance on Faerber Strasse, troop quarters, which, in 1953, housed
- 94b

a 12 x 88-mm AAA unit, a clothing depot, a material depot for ship equipment and ship supply and three antenna masts, each approximately 35 meters high. The Polish part is described in item No 109a.

- 95 Flexible AAA battery with guns of approximately 75 mm with searchlight and radar
- 96 Airfield which has allegedly been under construction since mid-1956.

#### B. Polish Military Installations

- 99 Coal harbor with the quay having a length of approximately 1,200 meters; allegedly 2 cranes in existence
- 100 Winter harbor with a quay of approximately 1,200 meters and an undetermined number of cranes
- 101 "Guene Flische", a new, vertical concrete pier at the east side
- 101a New, sloping bankline which is earmarked for completion in late 1956.
- 101b AAA battery of flexible guns of approximately 75 mm, temporarily occupied by Soviet gun crew
- 101c AAA battery of 4 x 20-mm flexible guns
- 102 Harbor komendatura in the former waterway office
- 103 Berth of harbor police
- 104 Naval hospital
- 105 Naval headquarters including headquarters of naval base, radio telephone and telegraph station
- 106 Headquarters building (WOP ?)
- 107 Supply office (?)
- 108 "ward quarters"
- 109 Barracks installations; occupation unknown
- 109a Barracks installations occupied by approximately 5 companies of Polish infantry and naval soldiers. See also items No 94a and 94b
- 110 Borderguard detail of approximately 30 men
- 111 Radio station which, in the meantime, may have been transferred to Karmitz
- 112 AAA emplacement of 4 guns which are probably employed as special protection for the terrain of the "Odra" Fish Combine
- 113 Komendatura of post, possibly also housing a WOP headquarters
- 114 Military post officers' club
- 116 Fuel depot with allegedly 10 subterranean tanks at least
- 116a Fuel depot under construction which is said to have direct pipe lines to fuel depot under item 116
- 117 Ordnance depot of AAA and antitank guns located in the former Bahnhof Swinemunde-Esd
- 118 WOP guard south of the Ostswine River

#### C. Installations of the Merchant Navy and Fishery

##### I. Eastern bank of the Swine River

- 126 Harbor basin of Polish Odraport Fish Combine with an eastern and southern sheet lining quay of approximately 470 meters and a water depth of 8 to 10 meters.

5

- 126a Preparing and packing hall
- 126b Cold storage house and ice plant
- 126c Office and storage house
- 126d Boilerhouse
- 126e Main administration with WOP observation tower
- 126f Fuel pumping station
- Note on 126 - 126f: The combine installation also includes a net factory with a yarn-weaving factory and a school for fishermen.
- 127 Fish cutter repair shipyard of the Odraport Combine
- 127a Slip installation (?) of Odraport Combine, possibly a basin with small floating dock
- 127b Floating dock of Odraport Combine, carrying capacity approximately 1,000 tons
- 128 Pier Kluess, approximately 200 meters long, probably also used by the fishery combine
- 129 Fish cutter shipyard comprising 4 side slipways and 2 hangars, two more were allegedly under construction
- 130 New fenced-in loading installation guarded from watchtower by WOP and including a 4-meter wide and 100 to 120-meter long new concrete pier separated from the concrete shore quay by a waterway approximately 12 meters wide and connected with the quay by two loading bridges, each fitted with 1 luffing crane of 8 to 10 tons carrying capacity. Also in existence were 4 solid coal bunkers, a transformer station, sheds and open-air storage sites.
- 131 Stationary crane of 3 to 5 tons
- 132 Odra Station railroad station
- 133 Boat harbor
- 133a Ferry
- 135b Railway ferry
- 135c Schwedenfähre railroad ferry with second landing place at Am Moewenhaken south of Odraport

## II. Western bank of the Swine River

- 136 Hohenzollern Quay, approximately 400 meters long; no cranes
- 137 Berth for Polish fish cutters at the southern tip of winter harbor

## D. Miscellaneous

- 138 Old German cemetery
- 139 Catholic Church
- 140 Catholic Church, formerly Lutheran Church
- 141 Old destroyed Protestant Church
- 142 Cemetery with chapel
- 143 Gasworks
- 145 Polish civilian hospital
